Understanding Warning Road Signs

> Warning traffic signs are traffic signs that alert drivers about possible dangers ahead. These road signs help you slow down, stay alert, and prepare early for changes in the road.

In simple words

- Warning = خبردار / تنبیہ
- These traffic signs tell you to be careful
- They warn about danger ahead

Their main purpose is to

- Alert drivers in advance
- Reduce accident risk
- Increase driver attention

Warning traffic signs are usually

- Triangular in shape
- Often yellow or red-bordered
- Placed before a dangerous spot

Examples

- Sharp bend ahead → slow down before turning
- Roundabout ahead → prepare to reduce speed
- Pedestrian crossing → watch out for people

If ignored

- Sudden accidents
- Loss of vehicle control
- Serious injuries

What drivers should remember

- Always slow down after seeing a warning traffic sign
- Be ready for road changes ahead
- Extra care can save lives
